A procurement and bid team, without the hiring.

A managed desk in Islamabad, Pakistan, that works to your procedures under one named lead. It is run by people who bid for public contracts themselves, and win them.

Hundreds
of RFP responses prepared for clients abroad

120+
major contracts of our own since 2018

USD 500
a month, starting price

48 hours
from scoping call to written proposal

THREE DESKS

Take one, or all three

Procurement desk

The day-to-day work of buying, done to your process.

- Supplier research and shortlists
- RFQ preparation and issue
- Quote comparison sheets
- Purchase order follow-up
- Vendor records kept current

Bid desk

Responses written by a team that bids for its own contracts.

- RFP, RFI and RFQ responses
- Compliance matrices
- Business proposals
- Capability statements
- Pre-submission compliance checks

Research desk

The reading, comparing and writing your team has no time for.

- Market and supplier research
- Price benchmarking
- SOPs and process documents
- Management reports

WHY A MANAGED DESK

A desk, compared with a freelancer

	A FREELANCER OR SINGLE HIRE	A TRIAD EVOLUTION DESK
Who answers for the work	The individual	**One named lead, backed by the firm**
When the person is away	The work waits	**The process is written down, so work continues**
How the work is done	In one person's head	**Documented procedures, built on yours**
What you see	Updates when you ask	**A report every month**
When workload grows	You hire again	**Capacity is added within the engagement**
Confidentiality	Varies	**Mutual NDA and a register of system access**

Why bidders make better bid writers

The people who prepare your RFP response prepare ours. Since 2018 we have won contracts by open tender and delivered them in our own name, so we know what evaluators score, what gets a bid disqualified, and what a compliant submission looks like on the day.

PRICING

Starting prices, in US dollars

Project desk Part-time or task-based support across any of the three desks.	FROM **USD 500** a month
Dedicated specialist One full-time specialist working only on your account.	FROM **USD 1,200** a month
Managed team Several specialists under one lead, sized to your workload.	**Proposal after scoping**

Your exact fee is set out in a written proposal before you commit to anything.

HOW AN ENGAGEMENT RUNS

Five stages, from scope to scale

01
Scope
We learn the process, the workload, your systems and the outcome you expect.

02
Design
We agree the desk, the responsibilities and the reporting.

03
Onboard
Procedures are documented and access is set up.

04
Operate
The desk runs the agreed work to the agreed standard.

05
Review and scale
We review results with you and add capacity when needed.

CONTROLS

How the desk is run

- **One named lead.** A single person answers for the work.
- **Your procedures.** We work inside your process.
- **A mutual NDA.** Signed before any work begins.
- **An access register.** We log who can reach your systems.
- **Quality review.** Work is checked before it reaches you.
- **A monthly report.** What was done, and what comes next.

RESULTS FROM OUR CASE FILES · CLIENTS NOT NAMED

What the work produced

- **Hundreds of RFP responses** for clients bidding abroad
- **Retained for 18+ months** by a multi-entity private group
- **Zero disqualifications** after a contractor's bids were rebuilt
- **Costs down 14 to 17%** for a UAE engineering contractor
- **Zero audit non-compliances** for a donor-funded programme
- **11% under budget** on a semi-government IT tender

WHO IT IS FOR

Companies that bid for tenders · Procurement teams short of capacity · Manufacturers and engineering firms · Trading and distribution companies · Technology companies · Professional services firms · International SMEs
